CONSTANS

S3-Safetyshoe with sole plate for wet work

There's nothing standard about the levels of safety.

The higher, boot like version of the Comodius. The Constans is created from a high quality full grain leather upper and nappa leather lining. It's also been exclusively developed for semiorthopedic adjustments especially where customised in-soles are required. Even when customised and adjusted, the shoe still exceeds European Standards of safety.
