METRIC

S2-Safety shoe for wet working conditions

An easy shoe for wipe clean hygiene.

Metric is one of the easiest to maintain clogs ever made. Its upper is fully washable thanks to the use of a unique microfibre. Designed with hygiene in mind the shoe is easy to clean, breathing and features Hydro-Tec® Antibacterial for dry, fresh feet. Metric with protective toe cap prevents staining and is lubricant and fat resistant. The sole was developed for use on hard tiled floors and other easy-to-clean floors often seen in high-tech and cleanroom environments. Metric even has an ESD certificate.
