OUTER TOE CAP	None
FASTENING TYPE	Laces Black/Orange RPET WORKING 95 CM
EUROPEAN STANDARD	EN ISO 20345:2011
ANTISTATIC PROPERTIES	Antistatic 0,1 - 1000 M Ohm
ANTI-SLIP	SRC

ROY

S2-Safety shoe for wet working conditions

A great all-round shoe with good all-round protection

The lower, shoe version of the Ringo. Roy is a versatile shoe with wipe clean uppers and an 'easy clean' sole. The shoe sculpts itself to the wearer's foot which is why it's worn by professionals across a variety of industries especially those which involve hours of walking such as Security & Services. Made with easy care and maintenance in mind, the Roy is also popular with people working in Food and Catering. For peace of mind, an internal toe cap provides resilient protection against falling objects and unforeseen hazards.

Industries: Logistics & transport, Food industry, Chemical industry, Government & services,
